Datacap application

Application:

https://github.com/filecoin-project/filecoin-plus-large-datasets

How much data are you bringing to the Filecoin network?

- 14 TiB

Choose a notary to request a review

- 'Primary: Xinan Xu

- BAckup: Danny O'Brian from FF - He's responsive and is well regarded in the community as well.

Organisation

- NFT.Storage + Web3.Storage

- We need to include both because the aggregated CARs have data from both services. This initiative is primarily for nft.storage, but some of the nft.storage CARs may also have data from web3.storage.

Region

- NA

Total Datacap being requested

- 14 TiB (448 deals of 32 GiB)

Filecoin Address

- TBD - This is the address of the deployed contract
